# Cloud Zero

## **Cloud Zero 3 Motor Riser Recliner**

- An innovative design with enhanced movement
- Infinite positions for enhanced comfort
- 20% more lifting capacity up to 30 stone
- Individual seat tilt to aid relaxation
- Seat height adjustment
- When raised, the tilt motor relieves all the pressure off the user's legs and allows them to stand with ease.
- Elevating the legs reduces blood flow and swelling, and because your legs are higher than your heart, gravity is on your side, promoting faster fluid drainage
- Cloud Zero action reclines more than the Dual Motor, to a "Zero Gravity" position, with the addition of the tilt motor. NB. Celebrity recliners are not a suitable alternative to a bed.
